

HABIBUR RAHMAN

SOFTWARE ENGINEER

ABOUT

As a backend enthusiast I have a strong motivation for writing server side code and I love to automate things, right from small server side tasks to builds and deployments at scale. I feel true devotion for coding.

EXPERIENCE

Ticket Chai Ltd

Software Engineer • October 2017 - Present

Created solution for air ticket claim processing workflow of the company. Created event and tour management solution. R&D on Sabre API's workflow.

BuzzAlly

Web Developer • March 2017 - September 2017

Brought a new solution for marketing on missed call based over phone on an IVR number. Also created a financial management solution.

AppBajar

Web Developer • March 2016 - February 2017

Integrated GP Wallet API for premium apps in AppBajar platform. Created advanced admin management solution.
