

HABIBUR RAHMAN

SOFTWARE DEVELOPER

ABOUT

As a backend enthusiast I have a strong motivation for writing server side code and I love to automate things, right from small server side tasks to builds and deployments at scale. I feel true devotion for coding.

EXPERIENCE

ShareTrip former Travel Booking BD

Software Engineer • September 2018 - Current

Architecture and API design for hotel. Gathered knowledge on heavy traffic management. And worked on international flight and hotel back panel.

<https://sharetrip.net> (PHP, Yii2, MySQL)

PROJECTS

ExtraaNumber

PHP, Laravel, PostgreSQL, Redis

I was backend developer (Part time) in ExtraaNumber. I was responsible for integrating 3rd party API, managing text messages, call and monitoring backend server.

<http://extraanumber.com>

Onekkom.com

Python, Django, PostgreSQL

As a part timer I created mail queue system and API for vendor management. Also have worked on admin panel.

<https://www.onekkom.com>

AppBajar

PHP, Laravel, MySQL

It's an android app store. Worked on backend and API. I have integrated GP Wallet payment API for premium apps.

<https://appbajar.com>

Pharma71

PHP, Laravel, MySQL

It's a full functional online medicine delivery system. Created panel for order and delivery tracking. And written API for android app.
